Summary

Full Stack Developer with hands-on experience building cross-platform applications using React, React Native, Flutter, Node.js, and TypeScript. Proven ability to architect SSO systems, develop native mobile bridges (Swift/Kotlin), integrate AI services, and deploy containerized backends via CI/CD pipelines. Passionate about shipping production-quality products, evidenced by a published Play Store app with a full DevOps pipeline.

Skill Set

Languages: C/C++, SQL, HTML5, CSS3, JavaScript, TypeScript, Bash, Dart, Swift, Kotlin

Frontend: React, React Native (Expo), Flutter, Next.js, Tailwind CSS, Three.js, Framer Motion

Backend: Node.js, Express, Django, REST API Design, JWT, OAuth2 / SSO, WebSockets

Databases: MongoDB, PostgreSQL, Firebase Firestore, Redis

DevOps & Cloud: Docker, GitHub Actions (CI/CD), Oracle Cloud, Linux, Nginx

Integrations: Stripe, QuickBooks API, Gemini AI, Firebase (FCM, Auth), Apple Health, Android Health Connect, AdMob, Braintree

Experience

Software Developer

AUG 2025 – Present

75way Technologies

Mohali, Chandigarh, India

React, React Native (Expo), Swift, Kotlin, Node.js, PostgreSQL, Docker, GitHub Actions

- Architected a centralized SSO Client Hub integrating 3 client applications, eliminating duplicate authentication systems and reducing user onboarding friction — with zero disruption to the existing user base during live migration.
- Redesigned authentication workflows across multiple web applications to integrate with a centralized identity provider, cutting per-app auth complexity and streamlining developer onboarding for new product integrations.
- Consolidated billing infrastructure for multiple products into a unified platform, streamlining subscription management and payment processing — reducing administrative overhead across teams.
- Engineered custom native bridge modules in Swift (iOS) and Kotlin (Android) to integrate proprietary smart-scale SDKs with a React Native (Expo) app, enabling real-time body composition tracking unavailable through any existing JS library.
- Integrated Apple Health (HealthKit) and Android Health Connect to sync biometric data, enabling comprehensive fitness progress dashboards within the cross-platform health app.
- Built and maintained a cross-platform ticketing system (React web + React Native iOS/Android), delivering a shared library of 15+ reusable UI components and improving feature development efficiency across 2 products.

Projects

- **ClimbIRL — Gamified Productivity App** (Flutter, Node.js, Express, TypeScript, MongoDB, Gemini AI, Docker) [Play Store] Jun 2026
 - Independently built and published a full-stack gamified productivity app on Google Play Store, transforming real-life tasks into an RPG experience — featuring XP, levels, streaks, achievements, and global leaderboards.
 - Engineered a timezone-aware gamification engine with a 20-level ranking system, atomic achievement unlocks, and a rewarded AdMob token economy, ensuring fair progression for users across all time zones.
 - Integrated Google Gemini 2.5 Flash for AI-powered photo verification of task completion, and Firebase Cloud Messaging (FCM) for scheduled, timezone-sensitive push notifications.
 - Containerized the Node.js/Express backend with Docker, deployed to Oracle Cloud via GitHub Actions CI/CD pipeline, and built a 3D interactive marketing landing page using Next.js 16, Three.js, and Framer Motion.
- **Full Stack E-Commerce Platform** (React, Node.js, Express, MongoDB, Bootstrap, Braintree) [Live Link] Oct 2023
 - Built a full-stack e-commerce application with product catalogue, cart management, and user authentication, integrating the Braintree payment gateway to handle secure end-to-end transactions.
 - Designed a responsive React frontend with Bootstrap and a RESTful Express/Node.js backend backed by MongoDB, enabling fast product queries and order processing.

Education

- **Amity University Haryana** 2021 – 2025
 - Bachelor of Technology in Computer Science and Engineering
- **D.S.V.N Sr. Sec. School** 2020 – 2021
 - XII, CBSE
- **D.S.V.N Sr. Sec. School** 2018 – 2019
 - X, CBSE
